

## *"Still together"*

*a precious connection for those who are missing their departed pet*

Do you have questions you wish you could ask them?

Are you feeling guilt or regret about their end of life?

Are you curious to know what they're up to now?

Would you like to ask them for advice?

*All of this, and more, is possible*

## *"Still together"*

*is a special communication session allowing you to ask your pet in Spirit whatever you like, and hear their perspective and wisdom*

*The session will be on Zoom, so that we can have a 3-way conversation in 'real time'*

You, your pet in Spirit and I, will get together so that you'll know what they're experiencing now, can converse about the life you shared, about their end of life, and more, as well as receiving much love and wisdom from them to help you now.
